Dear Sirs

A96 Dualling, East of Huntly to Aberdeen , Initial Route Options Public Exhibitions

Inverurie Community Council (ICC) represents a geographically wide community, with an equally wide range of opinion on the route options presented in October.

We strongly encourage you to continue dialogue and meaningful consultation through the remainder of the Stage 2 design process. We found the recent community council forum event informative and look forward to receiving the minute of the meeting and presentation slides as soon as possible.

In the meantime we welcome any further opportunity to engage with the project team. We see ICC's role, in relation to the A96 Dualling project, as supporting the community in expressing views on the proposals and information sharing to ensure widespread awareness and understanding of the proposals. To that end we request further specific details of the scoring of routes against the programme objectives, both for the shortlisted routes and the discounted route along the existing A96 corridor at Inverurie.

We agree to Transport Scotland contacting us with updates about the scheme.

Yours Faithfully  
Archie Peebles  
Chair of Inverurie Community Council  
21 November 2018
